**iPad Pro: The Beginners, Kids and Expert Guide to iPad Pro 12.9 and Other Versions: The User Manual like No Other** Phila Perry

*The iPad iOS 9 Quick Starter Guide* Scott La Counte 2015-10-10 If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad, and you will find that in Apple's comprehensive manual; but if

you are like my parents--new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you--people who just want to know how to add their contacts, take photos, and email. It's not for advance users, although if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!

[iPad 2 Survival Guide](#) Toly K 2011-09-27 There is much to learn about the new generation of iPad, and the iPad 2 Survival Guide is the flagship guide for Apple's newest creation. The iPad 2 Survival Guide organizes the wealth of knowledge about the iPad 2 into one place, where it can be easily accessed and navigated for quick reference. This guide comes with countless screenshots, which complement the step-by-step instructions and help you to realize the iPad's full potential. The iPad 2 Survival Guide provides useful information not discussed in the iPad manual, such as tips and tricks, hidden features, and troubleshooting advice. You will also learn how to download FREE games and FREE eBooks, how to PRINT right from your iPad, and how to make VIDEO CALLS using FaceTime. Whereas the official iPad 2 manual is stagnant, this guide goes above and beyond by discussing recent known issues and solutions that may be currently available. This information is constantly revised for a complete, up-to-date manual. This iPad 2 guide includes: Getting Started: - Button Layout - Before First Use - Navigating the Screens - Setting Up Wi-Fi - Setting Up an Email Account - Using Email - Logging In to the Application Store - Using FaceTime - Placing a FaceTime Call - Moving the Picture-in-Picture Display - Taking Pictures - Capturing Videos - Browsing and Trimming Captured Videos

The Complete Beginners Guide to Pages for the iPhone and iPad Scott La

Counte 2015-11-24 Word processing used to be synonymous with Microsoft Word; times have changed a lot over the years, and today there are plenty of options. On Apple products there is notably Pages—a simple, yet powerful word processing software that creates beautiful documents: from reports and newsletters to posters and fliers. If you are already familiar with Microsoft Word, then you'll have no problem getting started because it shares many of the same features. But there's still a lot of features to get to know if you want to get the most from the software. If you want to create professional documents from your iPad then this book will show you how. It also includes short exercises so you aren't just learning about the features, you are getting hands-on with them. While screenshots come from the iPad, Pages works almost exactly the same for iPhone, so you'll have no problem using Pages on any device that Pages is installed on.
