

Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy Kser Marcus

When people should go to the ebook stores, search initiation by shop, shelf by shelf, it is truly problematic. This is why we present the books compilations in this website. It will unconditionally ease you to see guide Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you direct to download and install the Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus, it is entirely simple then, back currently we extend the join to buy and create bargains to download and install Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus thus simple!

The Recovery of Palestine, 1917 Stanley Weintraub 2017-03-07 By mid-1917, with the world war going badly on all fronts, and casualties burgeoning, Prime Minister David Lloyd George met with General Edmund Allenby, fresh from France. Lloyd George wanted “Jerusalem for Christmas” as a holiday “present” for the increasingly disillusioned British people. Its seizure would also eliminate the Ottomans, who had inflicted the dismaying disaster at the Dardanelles, as a factor in the war. As Allenby departed, the PM handed him George Adam Smith’s Historical Geography of the Holy Land, remarking that it was a better guide to reaching Jerusalem than anything “in the pigeon holes of the War Office”. Having been raised on the Bible, Allenby, as this narrative illustrates, did indeed exploit it. He would also have unanticipated expertise from an unknown and unmilitary officer, T. E. Lawrence, who turned his Arabian “sideshow” into campaigns distracting the Turks and their German military leadership. The desert war would be hard-fought, but, that December, after centuries in Muslim hands and with its sacred sites intact, Jerusalem fell.

The Balfour Declaration Jonathan Schneer 2011-08-01 In the middle of the First World War, the British War Cabinet approved and issued a statement in the form of a letter that encouraged the settlement of the Jewish people in Palestine. Signed by the Foreign Secretary Arthur Balfour, the Balfour Declaration remains one of the most important documents of the last hundred years. Jonathan Schneer explores the story behind the declaration and its unforeseen consequences that have shaped the modern world, placing it in context paying attention to the fascinating characters who conceived, opposed and plotted around it - among them Lloyd George, Lord Rothschild, T.E. Lawrence, Prince Faisal and Aubrey Herbert (the man who was 'Greenmantle'). The Balfour Declaration brings vividly to life the origins of one of the world's longest lasting and most damaging conflicts.

The Hundred Years' War on Palestine Rashid Khalidi 2020-01-28 A landmark history of one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East, told

through pivotal events and family history In 1899, Yusuf Diya al-Khalidi, mayor of Jerusalem, alarmed by the Zionist call to create a Jewish national home in Palestine, wrote a letter aimed at Theodore Herzl: the country had an indigenous people who would not easily accept their own displacement. He warned of the perils ahead, ending his note, “in the name of God, let Palestine be left alone.” Thus Rashid Khalidi, al-Khalidi’s great-great-nephew, begins this sweeping history, the first general account of the conflict told from an explicitly Palestinian perspective. Drawing on a wealth of untapped archival materials and the reports of generations of family members—mayors, judges, scholars, diplomats, and journalists—The Hundred Years' War on Palestine upends accepted interpretations of the conflict, which tend, at best, to describe a tragic clash between two peoples with claims to the same territory. Instead, Khalidi traces a hundred years of colonial war on the Palestinians, waged first by the Zionist movement and then Israel, but backed by Britain and the United States, the great powers of the age. He highlights the key episodes in this colonial campaign, from the 1917 Balfour Declaration to the destruction of Palestine in 1948, from Israel’s 1982 invasion of Lebanon to the endless and futile peace process. Original, authoritative, and important, The Hundred Years' War on Palestine is not a chronicle of victimization, nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides. In reevaluating the forces arrayed against the Palestinians, it offers an illuminating new view of a conflict that continues to this day.

Bordered Cities and Divided Societies Scott A. Bollens 2021-03-18 Bordered Cities and Divided Societies is a provocative, moving, and poetic encounter with the hearts and minds of individuals living in nine cities of conflict, violence, and healing—Jerusalem, Belfast, Johannesburg, Nicosia, Sarajevo, Mostar, Barcelona, Bilbao, and Beirut. Based on research spanning 25 years, including 360 interviews and over two and a half years of in-country field research, this innovative work employs a series of concise reflective narrative essays, grouped into four thematic sections, to provide a humanistic, “on-the-ground” understanding of divided cities,

conflict, and peacemaking. Incorporating both scholarly analyses based on empirical research and introspective essays, Bollens digs underneath grand narratives of conflict to illuminate the complexities and paradoxes of living amid nationalistic political strife and the challenges of planning and policymaking in divided societies. Richly illustrated, the book includes informative synopses about the cities that provide access for general readers while extensive connections to recent literature enhance the book's research value to scholars.

"Not by Might, Nor by Power" Moshe Menuhin 2017-03-07 With a new introduction by Adi Ophir: An early and fierce critique of Zionism from a Jewish child of Palestine who argued against nationalism and injustice. Born in 1893, Moshe Menuhin was part of the inaugural class to attend the first Zionist high school in Palestine, the Herzliya gymnasium in Tel Aviv. He had grown up in a Hasidic home, but eventually rejected orthodoxy while remaining dedicated to Judaism. As a witness to the evolution of Israel, Menuhin grew disaffected with what he saw as a betrayal of the Jews' spiritual principles. This memoir, written in 1965, is considered the first revisionist history of Zionism. A groundbreaking document, it discusses the treatment of the Palestinians, the effects of the Holocaust, the exploitation of the Mizrahi Jewish immigrants, and the use of propaganda to win over public opinion in America and among American Jews. In a postscript added after the Six-Day War, Menuhin also addresses the question of occupation. This new edition is updated with an introduction by Israeli philosopher Adi Ophir, putting Menuhin's work into a contemporary historical context. Passionate and sometimes inflammatory in its prose, and met with controversy and anger upon its original publication under the title *The Decadence of Judaism in Our Time*, Menuhin's polemic remains both a thought-provoking reassessment of Zionist history and a fascinating look at one observer's experience of this embattled corner of the world over the course of several tumultuous decades.

[The Origins of Israel, 1882–1948](#) Eran Kaplan 2011-12-01 In 1880 the Jewish community in Palestine encompassed some 20,000 Orthodox Jews; within sixty-five years it was transformed into a secular proto-state with well-developed political, military, and economic institutions, a vigorous Hebrew-language culture, and some 600,000 inhabitants. *The Origins of Israel, 1882–1948: A Documentary History* chronicles the making of modern Israel before statehood, providing in English the texts of original sources (many translated from Hebrew and other languages) accompanied by extensive introductions and commentaries from the volume editors. This sourcebook assembles a diverse array of 62 documents, many of them unabridged, to convey the ferment, dissent, energy, and anxiety that permeated the Zionist project from its inception to the creation of the modern nation of Israel. Focusing primarily on social, economic, and cultural history rather than Zionist thought and diplomacy, the texts are organized in themed chapters. They present the views of Zionists from

many political and religious camps, factory workers, farm women, militants, intellectuals promoting the Hebrew language and arts—as well as views of ultra-Orthodox anti-Zionists. The volume includes important unabridged documents from the origins of the Arab-Israeli conflict that are often cited but are rarely read in full. The editors, Eran Kaplan and Derek J. Penslar, provide both primary texts and informative notes and commentary, giving readers the opportunity to encounter voices from history and make judgments for themselves about matters of world-historical significance.

Best Special Interest Books, selected by the Public Library Reviewers Best Books for General Audiences, selected by the American Association of School Librarians

The Arabs Eugene Rogan 2017-11-07 Named Best Book of the Year by the Financial Times, the Economist and the Atlantic In this definitive history of the modern Arab world, award-winning historian Eugene Rogan draws extensively on five centuries of Arab sources to place the Arab experience in its crucial historical context. In this updated and expanded edition, Rogan untangles the latest geopolitical developments of the region to offer a groundbreaking and comprehensive account of the Middle East. *The Arabs* is essential reading for anyone seeking to understand the modern Arab world. "Deeply erudite and distinctly humane."-Atlantic "An outstanding, gripping and exuberant narrative . . . that explains much of what we need to know about the world today."-Simon Sebag Montefiore, Financial Times

[Under Jerusalem](#) Andrew Lawler 2021-11-02 A spellbinding history of the hidden world below the Holy City—a saga of biblical treasures, intrepid explorers, and political upheaval "A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian's penchant for detail and a journalist's flair for narration." —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem's storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city's streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem's history, but on its hotly disputed present.

The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. *Under Jerusalem* takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only

defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist.

Islam under the Palestine Mandate Nicholas E. Roberts 2016-11-30

Concerns about the place of Islam in Palestinian politics are familiar to those studying the history of the modern Middle East. A significant but often misunderstood part of this history is the rise of Islamic opposition to the British in Mandate Palestine during the 1920s and 1930s. Across the empire, imperial officials wrestled with the question of how to rule over a Muslim-majority countries and came to see traditional Islamic institutions as essential for maintaining order. *Islam under the Palestine Mandate* tells the story of the search for a viable Islamic institution in Palestine and the subsequent invention of the Supreme Muslim Council. As a body with political recognition, institutional autonomy and financial power, the council was designed to be a counterweight to the growing popularity of nationalism among Palestinians. However, rather than extinguishing the revolutionary capacity of the colonized, it would become a significant opponent of British rule under its highly controversial president, the Grand Mufti of Jerusalem, Hajj Amin al-Husayni. Making extensive use of primary sources from British and Israeli archives, this book offers an innovative account of the Supreme Muslim Council's place within a colonial project that aimed to control Palestinian religion and politics. Roberts argues against the standard view that the council's creation was an act of appeasement towards Muslim opinion, showing how British actions were guided by techniques of imperial administration used elsewhere in the empire.

Overlooking the Border Dana Hercbegs 2018-10-01 An ethnographic tapestry of personal and institutional narratives about Jerusalem's social history.

Zionism's Redemptions Arie Saposnik 2021-11-30 Zionism combined dialogues with Jewish, Christian, and secular messianisms to create a politics based in redemptive visions of its own.

The Texture of Memory James Edward Young 1994-01-01 Dotyczy m. in. Polski.

Arab-Jewish Literature Reuven Snir 2019-01-14 *Arab-Jewish Literature: The Birth and Demise of the Arabic Short Story* offers an account of the development of the art of the Arabic short story among the Arabized Jews during the twentieth century. An anthology of sixteen translated stories are included as an appendix to the book.

The Yom Kippur War 2002 A comprehensive account of the 1973 Arab-Israeli war describes the military events of the conflict; the daily political actions of such principal characters as Anwar Sadat, Golda Meir, and Henry Kissinger; the high-stakes diplomatic maneuverings of the UN, the U.S., and the Soviet Union; and more. R

The Oxford Illustrated History of the Holy Land Robert G. Hoyland 2018-09-06 The *Oxford Illustrated History of the Holy Land* covers the 3,000 years which saw the rise of Judaism, Christianity, and Islam—and

relates the familiar stories of the sacred texts with the fruits of modern scholarship. Beginning with the origins of the people who became the Israel of the Bible, it follows the course of the ensuing millennia down to the time when the Ottoman Empire succumbed to British and French rule at the end of the First World War. Parts of the story, especially as known from the Bible, will be widely familiar. Less familiar are the ways in which modern research, both from archaeology and from other ancient sources, sometimes modify this story historically. Better understanding, however, enables us to appreciate crucial chapters in the story of the Holy Land, such as how and why Judaism developed in the way that it did from the earlier sovereign states of Israel and Judah and the historical circumstances in which Christianity emerged from its Jewish cradle. Later parts of the story are vital not only for the history of Islam and its relationships with the two older religions, but also for the development of pilgrimage and religious tourism, as well as the notions of sacred space and of holy books with which we are still familiar today. From the time of Napoleon on, European powers came increasingly to develop both cultural and political interest in the region, culminating in the British and French conquests which carved out the modern states of the Middle East.

Sensitive to the concerns of those for whom the sacred books of Judaism, Christianity, and Islam are of paramount religious authority, the authors all try sympathetically to show how historical information from other sources, as well as scholarly study of the texts themselves, enriches our understanding of the history of the region and its prominent position in the world's cultural and intellectual history.

The Palestinian People Baruch Kimmerling 2009-07-01 In a timely reminder of how the past informs the present, Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond. Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel. Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity, and today Palestinians find themselves again at a critical juncture. In the 1990s cornerstones for peace were laid for eventual Palestinian-Israeli coexistence, including mutual acceptance, the renunciation of violence as a permanent strategy, and the establishment for the first time of Palestinian self-government. But the dawn of the twenty-first century saw a reversion to unmitigated hatred and mutual demonization. By mid-2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967. Kimmerling and Migdal unravel what went right—and what went wrong—in the Oslo peace process, and what lessons we can draw about the forces that help to shape a people. The authors present a balanced, insightful, and sobering look at the realities of creating peace in the Middle East.

America's Arab Nationalists Aaron Berman 2022-11-04 *America's Arab Nationalists* focuses in on the relationship between Arab nationalists and Americans in the struggle for independence in an era when idealistic Americans could see the Arab nationalist struggle as an expression of their own values. In the first three decades of the twentieth century (from the 1908 Ottoman revolution to the rise of Hitler), important and influential Americans, including members of the small Arab-American community, intellectually, politically and financially participated in the construction of Arab nationalism. This book tells the story of a diverse group of people whose contributions are largely unknown to the American public. The role Americans played in the development of Arab nationalism has been largely unexplored by historians, making this an important and original contribution to scholarship. This volume is of great interest to students and academics in the field, though the narrative style is accessible to anyone interested in Arab nationalism, the conflict between Zionists and Palestinians, and the United States' relationship with the Arab world.

Revolutionary Iran Michael Axworthy 2016-03-10 In *Revolutionary Iran*, Michael Axworthy guides us through recent Iranian history from shortly before the 1979 Islamic revolution through the summer of 2009, when Iranians poured into the streets of Tehran by the hundreds of thousands, demanding free, democratic government. Axworthy explains how that outpouring of support for an end to tyranny in Iran paused and then moved on to other areas in the region like Egypt and Libya, leaving Iran's leadership unchanged. The Iranian Revolution of 1979 was a defining moment of the modern era. Its success unleashed a wave of Islamist fervor across the Middle East and signaled a sharp decline in the appeal of Western ideologies in the Islamic world. Axworthy takes readers through the major periods in Iranian history over the last thirty years: the overthrow of the old regime and the creation of the new one; the Iran-Iraq war; the reconstruction era following the war; the reformist wave led by Mohammed Khatami; and the present day, in which reactionaries have re-established control. Throughout, he emphasizes that the Iranian revolution was centrally important in modern history because it provided the world with a clear model of development that was not rooted in Western ideologies. Whereas the world's major revolutions of the previous two centuries had been fuelled by Western, secular ideologies, the Iranian Revolution drew its inspiration from Islam. *Revolutionary Iran* is both richly textured and from one of the leading authorities on the region; combining an expansive scope with the most accessible and definitive account of this epoch in all its humanity.

An Illustrated Guide to the Holy Land for Tour Groups, Students, and Pilgrims Lamontte M. Luker 2013-11-19 As the geographic heart and soul of Judaism, Islam, and Christianity, the Holy Land has immense significance for the millions of visitors each year. But since the fifth century BC, enthusiastic and curious people have needed a guide as they travel to see the sites for themselves. This book is different because it not only

gives the historical, archaeological descriptions wedded to the biblical text, but it is an appropriate resource for spiritual formation and cross-cultural dialog. Packed with the latest information, this book locates and introduces the reader to popular and less-familiar sites such as Bethlehem, Shepherds' Field, Church of the Nativity, Roman Catholic Church of St. Catherine, the Herodium, Mount of Olives, Old City of Jerusalem, Wadi Kelt, Mt. Sinai, Church of the Holy Sepulchre, the site of Church of St. Mary of the Latins, Temple Mount, El-Aksa Mosque, Dome of the Rock, Hezekiah's Tunnel, the traditional place of the Last Supper, Siloam Pool, the traditional tomb of King David, the house of Caiphas the High Priest, Shrine of the Book, Herod's Antonio Fortress, Golgotha, Bethany, Tomb of Lazarus, Bethphage, Pater Noster Church, Gethsemane, and many others. Each entry explains the history and topography of the site as well as its function and significance as it is linked to the relevant biblical passages. This book will not only inform you but help you better understand your faith. *Journey to the Holy Land* with indispensable archaeological information linked to the biblical story.

Land, Labor and the Origins of the Israeli-Palestinian Conflict, 1882-1914 Gershon Shafir 1996-08-19 Gershon Shafir challenges the heroic myths about the foundation of the State of Israel by investigating the struggle to control land and labor during the early Zionist enterprise. He argues that it was not the imported Zionist ideas that were responsible for the character of the Israeli state, but the particular conditions of the local conflict between the European "settlers" and the Palestinian Arab population.

Christian Zionism and the Restoration of Israel Colin Chapman 2021-03-31 How should Christians today understand the many promises and prophecies in the Old Testament about the future of Israel and its land? Are Christian Zionists justified in believing that these have been fulfilled in the return of Jews to their land since the 1880s and the creation of the State of Israel in 1948? This book discusses all the key texts about the restoration of Israel that are quoted in these debates, questioning the Christian Zionist interpretation and offering an alternative. This is followed by a detailed study of two important Old Testament texts dealing with the future of Israel, Ezekiel 33-47 and Zechariah 9-13, understanding them in their original context and exploring how they are interpreted in the New Testament. This is no theoretical, ivory-tower debate. We are dealing here with the most bitter and protracted conflict of the last 150 years; and the way we interpret the Bible has profound political consequences.

Jerusalem Simon Goldhill 2010-03-30 Jerusalem is the site of some of the most famous religious monuments in the world, from the Dome of the Rock to the Church of the Holy Sepulchre to the Western Wall of the Temple. Since the nineteenth century, the city has been a premier tourist destination, not least because of the countless religious pilgrims from the three Abrahamic faiths. But Jerusalem is more than a tourist site—it is a city where every square mile is layered with historical significance,

religious intensity, and extraordinary stories. It is a city rebuilt by each ruling Empire in its own way: the Jews, the Romans, the Christians, the Muslims, and for the past sixty years, the modern Israelis. What makes Jerusalem so unique is the heady mix, in one place, of centuries of passion and scandal, kingdom-threatening wars and petty squabbles, architectural magnificence and bizarre relics, spiritual longing and political cruelty. It is a history marked by three great forces: religion, war, and monumentality. In this book, Simon Goldhill takes on this peculiar archaeology of human imagination, hope, and disaster to provide a tour through the history of this most image-filled and ideology-laden city—from the bedrock of the Old City to the towering roofs of the Holy Sepulchre. Along the way, we discover through layers of buried and exposed memories—the long history, the forgotten stories, and the lesser-known aspects of contemporary politics that continue to make Jerusalem one of the most embattled cities in the world.

Haifa Before & After 1948 Mahmūd Yazbak 2011 Institute for Historical Justice and Reconciliation Series, 6 (History of International Relations Library, 27) *Haifa Before & After 1948, Narratives of a Mixed City* is a voyage that 14 scholars and experts undertake through the cultural, political and social history of Haifa before and after the 1948 War. This volume, co-authored by Palestinians and Israelis - Arabs and Jews, mostly Israeli citizens, covers Haifa's architecture and its social and cultural life during the Mandate period, the Arab-Israeli competition in the oil and soap industries, the history of Arab-Jewish inter-communal relations and cohabitation, commemoration in the German Colony of Haifa, the story of two houses that represent the narrative of Palestinians in Haifa and remembrances displayed through personal accounts of the cold winter in 1950. In this remarkable project, Jews and Palestinians, write together the history and memory of the city of Haifa. Rather than presenting incommensurable national narratives, they offer a fresh and inspiring alternative: each article is co-authored by Arabs and Jews, thus turning the art of research and writing into a bi-national practice. Addressing 1948 as a benchmark, is crucial particularly today in facilitating not only a new reading of the political story, but also offering political possibilities. *Haifa Before & After 1948* is an inspirational book that deserves to be read by everyone who is interested in the history and memory of bi-national societies. Yehouda Shenhav, Professor of Sociology, Tel Aviv University

Table of Contents Contributors Preface - Catherine Ciss -van den Muijsenbergh

1. Towards Mutual Historical Writing: An Introduction to the "Haifa Project" - Mahmoud Yazbak and Yfaat Weiss
2. A Tale of Two Houses - Mahmoud Yazbak and Yfaat Weiss
3. Arab-Jewish Architectural Partnership in Haifa during the Mandate Period: Qaraman and Gerstel Meet on the "Seam Line" - Waleed Karkabi and Adi Roitenberg
4. Arabs and Jews, Leisure and Gender, in Haifa's Public Spaces - Manar Hasan and Ami Ayalon
5. Commodities and Power: Edible Oil and Soap in the History of Arab-Jewish Haifa - Mustafa Abbasi and David De Vries
- 6.

Historicizing Climate: Haifawis and Haifo'im Remembering the Winter of 1950 -Dan Rabinowitz and Johnny Mansour

7. "Eraser" and "Anti-Eraser" - Commemoration and Marginalization on the Main Street of the German Colony: The Haifa City Museum and Caf Fattush - Salman Natour and Avner Giladi
8. Haifa Umm al-Gharib: Historical Notes and Memory of Inter-Communal Relations - Regev Nathansohn and Abbas Shiblak

Bibliography Index About the Editors Mahmoud Yazbak is a Professor of Palestinian History, Head of the Department of Middle Eastern History at the University of Haifa. He served as the Chair of Adalah (2008-2011), and headed MEISAI (Middle Eastern and Islamic Studies Association in Israel, 2008-2011). He publishes frequently on social history and issues concerning the modern Palestinian society. Yfaat Weiss is a Professor at the department of History of the Jewish people and is the head of School of History at the Hebrew University of Jerusalem. The scope of her publication covers German and Central European History, and Jewish and Israeli History.

Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56 Neil Caplan 2021-03-04 These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources, providing an essential reference source for the student of the Arab-Israeli conflict and its long history.

Lion of Jordan Avi Shlaim 2008-09-09 The first major account of the life of an extraordinary soldier and statesman, King Hussein of Jordan. Throughout his long reign (1953–1999), Hussein remained a dominant figure in Middle Eastern politics and a consistent proponent of peace with Israel. For over forty years he walked a tightrope between Palestinians and Arab radicals on the one hand and Israel on the other. Avi Shlaim reveals that Hussein initiated a secret dialogue with Israel in 1963 and spent hundreds of hours in talks with countless Israeli officials. Shlaim expertly reconstructs this dialogue from previously untapped records and first-hand accounts, significantly rewriting the history of the Middle East over the past fifty years and shedding light on the far-reaching impact of Hussein's leadership.

Whose Promised Land Colin Chapman 2015-07-17 The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost seventy years, and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in a new and substantially revised fifth edition of this highly acclaimed book. Having lived and worked

in the Middle East at various times since 1968, Colin Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments since 9/11, including the building of the security wall, the increased importance of Hamas and the Islamic dimension of the conflict, and the attacks on Lebanon and Gaza.

Rav Kook Yehudah Mirsky 2014-02-11 DIV The life and thought of a forceful figure in Israel's religious and political life /div

The Ethnic Cleansing of Palestine Ilan Pappé 2007-09-01 The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing".

Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

The Israel-Palestine Conflict James L. Gelvin 2021-03-11 The fourth edition of this award-winning account of the conflict between Israel and Palestine for students and general readers.

The Crusaders in the Holy Land Meron Benvenisti 1972

Jerusalem 1913 Amy Dockser Marcus 2008-03-25 A Pulitzer Prize-winning reporter examines the true history of the discord between Israel and Palestine with surprising results Though the origins of the Arab-Israeli conflict have traditionally been traced to the British Mandate (1920-1948) that ended with the creation of the Israeli state, a new generation of scholars has taken the investigation further back, to the Ottoman period. The first popular account of this key era, *Jerusalem 1913* shows us a cosmopolitan city whose religious tolerance crumbled before the onset of Zionism and its corresponding nationalism on both sides—a conflict that could have been resolved were it not for the onset of World War I. With extraordinary skill, Amy Dockser Marcus rewrites the story of one of the world's most indelible divides.

Historical Dictionary of the Arab-Israeli Conflict P R Kumaraswamy 2015-10-08 This second edition of *Historical Dictionary of the Arab-Israeli Conflict* covers the history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 600 cross-referenced entries important events, key personalities, official positions of principal states and the UN and other efforts to find a

peaceful settlement.. This book is an excellent access point for students, researchers, and anyone wanting to know more about this conflict.

Israel Daniel Gordis 2016-10-18 Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day, from Daniel Gordis, "one of the most respected Israel analysts" (The Forward) living and writing in Jerusalem. Israel is a tiny state, and yet it has captured the world's attention, aroused its imagination, and lately, been the object of its opprobrium. Why does such a small country speak to so many global concerns? More pressingly: Why does Israel make the decisions it does? And what lies in its future? We cannot answer these questions until we understand Israel's people and the questions and conflicts, the hopes and desires, that have animated their conversations and actions. Though Israel's history is rife with conflict, these conflicts do not fully communicate the spirit of Israel and its people: they give short shrift to the dream that gave birth to the state, and to the vision for the Jewish people that was at its core. Guiding us through the milestones of Israeli history, Gordis relays the drama of the Jewish people's story and the creation of the state. Clear-eyed and erudite, he illustrates how Israel became a cultural, economic and military powerhouse—but also explains where Israel made grave mistakes and traces the long history of Israel's deepening isolation. With *Israel*, public intellectual Daniel Gordis offers us a brief but thorough account of the cultural, economic, and political history of this complex nation, from its beginnings to the present. Accessible, levelheaded, and rigorous, *Israel* sheds light on the Israel's past so we can understand its future. The result is a vivid portrait of a people, and a nation, reborn.

The Israel-Palestine Conflict Neil Caplan 2019-09-11 One of the "10 Must-Read Histories of the Palestine-Israel Conflict" —Ian Black, Literary Hub, on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli-Palestinian conflict Numerous instances of competing, sometimes incompatible narratives of controversial events are found throughout history. Perhaps the starkest example of such contradictory representations is the decades-long conflict between Israel and Palestine. For over 140 years, Israelis, Palestinians, and scores of peacemakers have failed to establish a sustainable, mutually-acceptable solution. *The Israel-Palestine Conflict* introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution. Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested. Now in its second edition, this book has been thoroughly updated to reflect the events that have transpired since its original publication. Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation. New discussions address recent debates over two-state versus one-state solutions, growing polarization in public

discourse outside of the Middle East, the role of public intellectuals, and the growing trend of merging scholarship with advocacy. Part of the Wiley-Blackwell Contested Histories series, this clear and accessible volume: Offers a balanced, non-polemic approach to current academic discussions and political debates on the Israel-Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East, *The Israel-Palestine Conflict* is an indispensable resource for students, scholars, and interested general readers.

The Rough Guide to Jerusalem Daniel Jacobs 2009-10-19 The Rough Guide to Jerusalem is the essential guide to the Holy City, featuring informed accounts of all the sights, including the Dome of the Rock, the Wailing Wall and the Church of the Holy Sepulchre; up-to-the-minute reviews of the best accommodation, cafés, restaurants and shops; and excursions to Bethlehehem, Jericho and other day trip destinations. New to this edition is a new city guide format with a complete introduction with "25 things not to miss", 4-page insert on Jerusalem's architectural treasures, and 8 pages of maps covering the Old City in detail. The Rough Guide to Jerusalem also includes new coverage of Tel Aviv and Nazareth as likely day trips.

The View from Nebo Amy Dockser Marcus 2001-06-01 This compelling blend of science, history, politics, and biblical scholarship explains how modern archeology is challenging our understanding of the Bible and its accounts of ancient history.

The Israel-Palestine Conflict James L. Gelvin 2007-10-02 The conflict between Israelis and their forebears, on the one hand, and Palestinians and theirs, on the other, has lasted more than a century and generated more than its share of commentaries and histories. James L. Gelvin's account of that conflict offers a compelling, clear-cut, and up to date introduction for students and general readers. Beginning in the mid-nineteenth century, when the inhabitants of Ottoman Palestine and the Jews of eastern Europe began to conceive of themselves as members of national communities, the book traces the evolution and interaction of these communities from their first encounters in Palestine through to the present, exploring the external pressures and internal logic that has propelled their conflict. The book, which places events in Palestine within the framework of global history, skillfully interweaves biographical

sketches, eyewitness accounts, poetry, fiction and official documentation into its narrative, and includes photographs, maps and an abundance of supplementary material. Now in a revised edition, Gelvin's award-winning book takes the reader through the 2006 Summer War and its aftermath. **Politics and Government in Israel** Gregory S. Mahler 2016-03-03 This balanced and comprehensive text explores Israeli government and politics, tracing the history of the state, and the social, religious, economic, and military environments of Israeli politics. Gregory Mahler's concise book provides an invaluable start for readers needing an introduction to Israel today.

Teaching the Arab-Israeli Conflict Rachel S. Harris 2019-04-22 Pedagogical resource to help faculty prepare courses on the Arab-Israeli conflict in any discipline.

Defining Neighbors Jonathan Marc Gribetz 2016-10-11 How religion and race—not nationalism—shaped early encounters between Zionists and Arabs in Palestine As the Israeli-Palestinian conflict persists, aspiring peacemakers continue to search for the precise territorial dividing line that will satisfy both Israeli and Palestinian nationalist demands. The prevailing view assumes that this struggle is nothing more than a dispute over real estate. *Defining Neighbors* boldly challenges this view, shedding new light on how Zionists and Arabs understood each other in the earliest years of Zionist settlement in Palestine and suggesting that the current singular focus on boundaries misses key elements of the conflict. Drawing on archival documents as well as newspapers and other print media from the final decades of Ottoman rule, Jonathan Gribetz argues that Zionists and Arabs in pre-World War I Palestine and the broader Middle East did not think of one another or interpret each other's actions primarily in terms of territory or nationalism. Rather, they tended to view their neighbors in religious terms—as Jews, Christians, or Muslims—or as members of "scientifically" defined races—Jewish, Arab, Semitic, or otherwise. Gribetz shows how these communities perceived one another, not as strangers vying for possession of a land that each regarded as exclusively their own, but rather as deeply familiar, if at times mythologized or distorted, others. Overturning conventional wisdom about the origins of the Israeli-Palestinian conflict, Gribetz demonstrates how the seemingly intractable nationalist contest in Israel and Palestine was, at its start, conceived of in very different terms. Courageous and deeply compelling, *Defining Neighbors* is a landmark book that fundamentally recasts our understanding of the modern Jewish-Arab encounter and of the Middle East conflict today.
