Lauren Graham 2013-04-30
NEW YORK TIMES BESTSELLER
• From Lauren Graham, the beloved star of Gilmore Girls and Parenthood, comes a witty,

charming, and hilariously relatable debut novel about a struggling young actress trying to get ahead—and keep it together—in New York City. It's January 1995, and Franny Banks has just six months left of the three-year deadline she set for herself when she came to New York, dreaming of Broadway and doing “important” work. But all she has to show for her efforts so far is a part in an ad for ugly Christmas sweaters, and a gig waiting tables at a comedy club. Her roommates—her best friend Jane, and Dan, an aspiring sci-fi writer—are supportive, yet Franny knows a two-person fan club doesn't exactly count as success. Everyone tells her she needs a backup plan, and though she can almost picture moving back home and settling down with her perfectly nice ex-boyfriend, she's not ready to give up on her goal of having a career like her idols Diane Keaton and Meryl Streep. Not just yet. But while she dreams of filling their shoes, in the meantime, she'd happily settle for a speaking

part in almost anything—and finding a hair product combination that works. Everything is riding on the upcoming showcase for her acting class, where she'll finally have a chance to perform for people who could actually hire her. And she can't let herself be distracted by James Franklin, a notorious flirt and the most successful actor in her class, even though he's suddenly started paying attention. Meanwhile, her bank account is rapidly dwindling, her father wants her to come home, and her agent doesn't return her calls. But for some reason, she keeps believing that she just might get what she came for. Someday, Someday, Maybe is a story about hopes and dreams, being young in a city, and wanting something deeply, madly, desperately. It's about finding love, finding yourself, and perhaps most difficult of all in New York City, finding an acting job. Praise for Someday, Someday, Maybe “A winning, entertaining read . . . [Lauren Graham] has smartly mined just the right details from her

own experience, infusing her work with crackling dialogue and observations about show business that ring funny and true.”—The Washington Post “A charmer of a first novel . . . [Graham] has an easy, unforced style and, when the situation calls for it, a keen sense of the ridiculous.”—The Wall Street Journal “With insight, care, and an abundance of humor . . . Graham demonstrates that her acting chops are not her only talent.”—Library Journal “Thoroughly charming.”—Entertainment Weekly “Sweet, funny, and full of heart . . . a dazzling debut.”—Emily Giffin, New York Times bestselling author of *Something Borrowed* and *Where We Belong* “Warm and funny, charming and smart.”—Diane Keaton, New York Times bestselling author of *Then Again* “Graham deftly captures what it’s like to be young, ambitious, and hopeful in New York City.”—Candace Bushnell, New York Times bestselling author of *Sex and the City* and *The Carrie Diaries*

“Fresh and funny and full of zingers, Lauren Graham’s charming writing style instantly drew me in.”—Meg Cabot, bestselling author of the *Princess Diaries* and *Heather Wells Mystery* series

Float Plan Trish Doller 2021-03-02 * A MUST-READ FOR GOOD MORNING AMERICA, OPRAHMAG.COM, BUZZFEED, POP SUGAR, AND MORE! * Heartbroken by the loss of her fiancé, adventurous Anna finds a second chance at love with an Irish sailor in this riveting, emotional romance. After a reminder goes off for the Caribbean sailing trip Anna was supposed to take with her fiancé, she impulsively goes to sea in the sailboat he left her,

intending to complete the voyage alone. But after a treacherous night's sail, she realizes she can't do it by herself and hires Keane, a professional sailor, to help. Much like Anna, Keane is struggling with a very different future than the one he had planned. As romance rises with the tide, they discover that it's never too late to chart a new course. In Trish Doller's unforgettable *Float Plan*, starting over doesn't mean letting go of your past, it means making room for your future. "I devoured *Float Plan* in a day. It's truly a joy to get lost in such great writing—the island-hopping setting transports you from the hum-drum everyday, the dialogue is sharp and spot-on, the characters feel flawed and authentic and hopeful. It's the kind of story that takes you away and brings you back grateful for the journey." - Katherine Center, New York Times bestselling author of *How to Walk Away* and *Things You Save in a Fire*
[The Sky Is Everywhere](#) Jandy Nelson 2010-03-09 Jandy

Nelson's beloved, critically adored debut is now an Apple TV+ and A24 original film starring Jason Segel, Cherry Jones, Grace Kaufman, and Jacques Colimon. "Both a profound meditation on loss and grieving and an exhilarating and very sexy romance." —NPR *Adrift* after her sister Bailey's sudden death, Lennie finds herself torn between quiet, seductive Toby—Bailey's boyfriend who shares Lennie's grief—and Joe, the new boy in town who bursts with life and musical genius. Each offers Lennie something she desperately needs. One boy helps her remember. The other lets her forget. And she knows if the two of them collide, her whole world will explode. As much a laugh-out-loud celebration of love as a nuanced and poignant portrait of loss, Lennie's struggle to sort her own melody out of the noise around her makes for an always honest, often uproarious, and absolutely unforgettable read.

York Times bestselling author of *The Princess Diaries*, returns to *Little Bridge Island* with a new story about a children's book author with a case of writer's block and an arrogant novelist who have to set aside their differences as they get through a weekend long book festival that just might change everything—including their feelings for each other. Don't Judge a Book by Its Author... Welcome to *Little Bridge*, one of the smallest, most beautiful islands in the Florida Keys. Jo Wright always swore she'd never step foot on *Little Bridge Island*—not as long as her nemesis, bestselling author Will Price, is living there. Then Jo's given an offer she can't refuse: an all-expense paid trip to speak and sign at the island's first ever book festival. Even though arrogant Will is the last person Jo wants to see, she could really use the festival's more-than-generous speaking fee. She's suffering from a crippling case of writer's block on the next installment of her bestselling children's series, and her father needs financial

help as well. Then Jo hears that Will is off-island on the set of the film of his next book. Hallelujah! But when she arrives on Little Bridge, Jo is in for a shock: Will is not only at the book festival, but seems genuinely sorry for his past actions—and more than willing not only to make amends, but prove to Jo that he’s a changed man. Things seem to be looking up—until disaster strikes, causing Jo to wonder: Do any of us ever really know anyone?

Cammie Morgan is a student at the Gallagher Academy for Exceptional Young Women, a fairly typical all-girls school -- that is, if every school taught advanced martial arts in

PE and the latest in chemical warfare in science, and students received extra credit for breaking CIA codes in computer class. The Gallagher Academy might claim to be a school for geniuses but it's really a school for spies. Even though Cammie is fluent in fourteen languages and capable of killing a man in seven different ways, she has no idea what to do when she meets an ordinary boy who thinks she's an ordinary girl. Sure, she can tap his phone, hack into his computer, or track him through town with the skill of a real "pavement artist" -- but can she maneuver a relationship with someone who can never know the truth about her? Cammie Morgan may be an elite spy-in-training, but in her sophomore year, she's on her most dangerous mission -- falling in love.

Atlas of Imagined Places Matt Brown 2021-09-28 WINNER, Edward Stanford Travel Writing Awards 2022: Illustrated Travel Book of the Year. From Stephen King's Salem's Lot to the superhero land of Wakanda, from Lilliput of Gulliver's Travels to Springfield in The Simpsons, this is a wondrous atlas of imagined places around the world. Locations from film, tv, literature, myths, comics and

video games are plotted in a series of beautiful vintage-looking maps. The maps feature fictional buildings, towns, cities and countries plus mountains and rivers, oceans and seas. Ever wondered where the Bates Motel was based? Or Bedford Falls in It's a Wonderful Life? The authors have taken years to research the likely geography of thousands of popular culture locations that have become almost real to us. Sometimes these are easy to work out, but other times a bit of detective work is needed and the authors have been those detectives. By looking at the maps, you'll find that the revolution at Animal Farm happened next to Winnie the Pooh's home. Each location has an extended index entry plus coordinates so you can find it on the maps. Illuminating essays accompanying the maps give a great insight into the stories behind the imaginary places, from Harry Potter's wizardry to Stone Age Bedrock in the Flintstones. A stunning map collection of invented geography and topography

drawn from the world's imagination. Fascinating and beautiful, this is an essential book for any popular culture fan and map enthusiast.

Paris 1919 Margaret MacMillan 2007-12-18 A landmark work of narrative history, Paris 1919 is the first full-scale treatment of the Peace Conference in more than twenty-five years. It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out, when countries

were created—Iraq, Yugoslavia, Israel—whose troubles haunt us still. Winner of the Samuel Johnson Prize • Winner of the PEN Hessel Tiltman Prize • Winner of the Duff Cooper Prize Between January and July 1919, after “the war to end all wars,” men and women from around the world converged on Paris to shape the peace. Center stage, for the first time in history, was an American president, Woodrow Wilson, who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams. Stern, intransigent, impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully, Wilson is only one of the larger-than-life characters who fill the pages of this extraordinary book. David Lloyd George, the gregarious and wily British prime minister, brought Winston Churchill and John Maynard Keynes. Lawrence of Arabia joined the Arab delegation. Ho Chi Minh, a kitchen assistant at the Ritz,

submitted a petition for an independent Vietnam. For six months, Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries. This book brings to life the personalities, ideals, and prejudices of the men who shaped the settlement. They pushed Russia to the sidelines, alienated China, and dismissed the Arabs. They struggled with the problems of Kosovo, of the Kurds, and of a homeland for the Jews. The peacemakers, so it has been said, failed dismally; above all they failed to prevent another war. Margaret MacMillan argues that they have unfairly been made the scapegoats for the mistakes of those who came later. She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second World War. Praise for *Paris 1919* "It's easy to get into a war, but ending it is a more arduous matter. It was never

more so than in 1919, at the Paris Conference. . . . This is an enthralling book: detailed, fair, unflinchingly lively. Professor MacMillan has that essential quality of the historian, a narrative gift." —Allan Massie, *The Daily Telegraph* (London)

Charmed Thirds Megan McCafferty 2006-04-11 Jessica Darling's in college! Things are looking up for Jessica Darling. She has finally left her New Jersey hometown/hellhole for Columbia University in New York City; she's more into her boyfriend, Marcus Flutie, than ever (so what if he's at a Buddhist college in California?); and she's making new friends who just might qualify as stand-ins for her beloved best friend,

Hope. But Jessica soon realizes that her bliss might not last. She lands an internship at a snarky Brooklyn-based magazine, but will she fit in with the überhip staff (and will she even want to)? As she and Marcus hit the rocks, will she end up falling for her GOPunk, neoconservative RA . . . or the hot (and married!) Spanish grad student she's assisting on a summer project . . . or the oh-so-sensitive emo boy down the hall? Will she even make it through college now that her parents have cut her off financially? And what do the cryptic one-word postcards from Marcus really mean? With hilarious insight, the hyperobservant Jessica Darling struggles through her college years—and the summers in between—while maintaining her usual mix of wit, cynicism, and candor.

Olivia Grace Clarisse Mignonette Harrison is a completely average twelve-year-old: average height, average weight, average brown hair of average length, average brown skin and average hazel eyes. The only things about her that aren't average are her name (too long and princess themed), her ability to draw animals (useful for her future career as a wildlife illustrator),

and the fact that she is a half-orphan who has never met her father and is forced to live with her aunt and uncle (who treat her almost like their own kids, so she doesn't want to complain). Then one completely average day, everything goes wrong: the most popular girl in school, Annabelle Jenkins, threatens to beat her up, the principal gives her a demerit, and she's knocked down at the bus stop . . . Until a limo containing Princess Mia Thermopolis of Genovia pulls up to invite her to New York to finally meet her father, who promptly invites her to come live with him, Mia, Grandmère and her two fabulous poodles . . . Maybe Olivia Grace Clarisse Mignonette Harrison isn't so average after all!
